DAY 1: Asking in His Name

Prior to reading today's challenge, what did you think it meant to ask for things in Christ's name? How has your understanding changed after reading, if at all?

What do you think might be the connection between relying on Christ's power in His physical absence and receiving answers to prayer?

Reflect on Jesus' statement that believers will be able to do "greater works" (John 14:12). What do you think these works are, and how do they connect to prayer? Use Scripture in your answer.

Think of the three greatest prayer needs you wrote down in the previous section. Knowing what you know now about what it means to pray in Christ's name, could Jesus sign His name to these things? Why or why not? Remember to use Scripture as you answer.

One of the last parts of the day's challenge reminded us that Jesus came to deliver men and women from both sin and its effects. How might this impact or change your understanding of the prayer needs you described above?
